**October meeting called to order by Vice President Konstantin Chumanhenko at 12:00 pm**

---

**ATTENDEES:** See attached listing.

**Review of Minutes:** Motion to accept September minutes, seconded. All in favor. Motion: Carried.

### **REPORTS FOR: October 25th, 2016 MEETING**

#### **President's report:**

The OUCC/OUNC is moving forward with the Damage Information Reporting Tool (DIRT) provided by CGA. Soon we will no longer be using the State tool. We hope to have a presentation on how to use DIRT soon this year. The OUCC meeting was two weeks ago. They talked about budgets and how funds will be distributed. They also talked about Councils buying things for Board members. The 45 day ticket life will go into affect. Locators will have 3 days instead of 48 hours to mark Utilities.

#### **Treasurer's Report:**

	<u>Visa</u>	<u>M Bank</u>	<u>Payments / Purchases / Income:</u>
Beginning Balance		\$ 337.37	
Ending Balance		\$	

As a non-profit organization, all monies collected go for supplies/events to educate the public about 811! There was discussion regarding what money from the OUCC can be used for. And it comes down to being up to the individual council. There will be new forms available to request money from the OUCC.

#### **Damage Report:**

***Be sure to report your damages each month!***

All damage reports need to be made using the Damage Information Reporting Tool (DIRT) from the Common Ground Alliance (CGA). You can check this out at [www.cga-dirt.com](http://www.cga-dirt.com). There is a link to (DIRT) on the OUCC website. Please sign up and start reporting. Additional information on how to use DIRT and share your general reporting info will be coming soon from the OUCC. Oregon is still talking about making reporting mandatory. PUC and OSHA are very active now. This may help with the RAA process.

**NOTE: Only facility owners should submit reports on their facilities. This will prevent double reporting should excavators report on a damage they did to a facility owner. It only takes minutes each month!!**

---

#### **P&E Report (Publicity and Education):**

---

**P&E General:** Send your ideas to [Bryan Baxter \(click here\)](#) and [Ted Voelker \(click here\)](#)  
We should look for new ways to spend money. Look for more events to get involved in.  
There are more sponsors for the 811 trailer.

---

**P&E New:**

Looking at more ideas for sponsoring events. Bring your ideas for teams and events to sponsor. There was talk about working with another Council for the Home and Garden show. We need to have commitment from volunteers before we agree to participate. **The dates for the Spring Home and Garden show are February 23-26, 2017.** Please contact one of the board members so that we can start a list of people willing to work at the event.

---

**P&E Old:**

OUNC merchandise website is live.  
The Seafood festival was a good event.

---

**811 CAMPAIGN:**

Promote using "811" before using the 800 number. The 800 number is still in use as 811 is not available in some areas or the calls are routed to other states.  
For details on the 811 Damage Prevention Bike go to: [http://designbyjoyce.com/pauljr/811\\_bike.html](http://designbyjoyce.com/pauljr/811_bike.html)  
Local Home Depot's are promoting 811. If you do not see the 811 info, ask at the Contractors desk. In Oregon, the stores will carry Key Chains for all equipment and color code cards. The "Associates" who will be trained to answer questions will have patches on their aprons.  
You may go to [www.call811.com](http://www.call811.com) website for more information.

---

---

**REMINDER...**

Send your current and/or upcoming projects to [Ted Voelker \(click here\)](#) and they will be attached to the Minutes e-mail so everyone will know where projects are currently in progress or will soon be starting and your company can schedule accordingly. Clackamas River Water has a big project coming that will last for a number of months. It will be added to the e-mails when it is received.

*Remember – CCC – Communicate, Coordinate, And Cooperate!*

**VOLUNTEERS NEEDED:** As you have read, there are a variety of opportunities for all to volunteer and help spread the word of our Call before You Dig message. We are hoping to have our booth at more local events this coming year and we need your help to staff the booth for a couple of hours. These are great opportunities to network and get to know each other better. Take advantage of these opportunities and make new friends. If you are able, make yourself available to be on a committee or to volunteer on any of the upcoming projects and events these next couple of years. This is what this Council is all about and how we strive to be excellent!

Thank you for your time and for helping to spread the word and educate the public to Dig Safely!
