- 6. State Business: The OUNC service tariff fee increased this month. This fee is paid by underground facility members on a per ticket/notification basis to fund all of the activities of the Oregon Utility Notification Center. The fee increase will be phased starting August 2022 with the fee changing from \$1.20 to \$1.35 per ticket and another increase starting January 2023 to \$1.40 per ticket. They are also proposing an annual increase for future years starting in January 2024 tied to the Consumer Price Index, not to exceed 3%.
